Fever Tree Tonic

Aromatic Tonic Water

By blending the gentle bitterness of South American angostura bark with aromatic botanicals such as cardamom, pimento berry and ginger, we've created a delicious, unique tonic water. Created to enhance juniper-rich and robust gins.

Mediterranean Tonic Water

By blending the essential oils from the flowers, fruits and herbs that we have gathered from around the Mediterranean shores with the highest quality quinine from the 'fever trees' of the eastern Congo, we have created a unique, delicate, floral tonic. Created to accompany the finest vodkas or to enjoy as a sophisticated soft drink.

Elderflower Tonic Water

Offering a light and subtle character, the delicate and sweet flavour of elderflower is perfectly balanced by the soft bitterness of the quinine. Providing a summery twist to the classic gin and tonic, the refreshing floral flavour works equally well as a sophisticated soft drink.
